STUDIES UNDER SCHOLARSHIP

Q13

Can I be exempt from the Korean Language Program?

A13

If you submit a valid level 5 or 6 on TOPIK (Test of Proficiency in Korean), you will be exempt from the language program and must start your degree program in the first semester in March 2022. Another benefit of having an advanced TOPIK level is the Korean Proficiency Grants, which gives additional 100,000 won each month to a scholar on their degree program during the period of exam validity.

Q14

How many universities and departments can I apply for admission?

A14

[University Track] You must choose only ONE university and ONE department.

[Embassy Track] You must choose THREE universities under Type A or B. At least one of your three choices must be chosen from Type B universities (If not, the application will be excluded from an evaluation).

Note that you may choose the same department for all three universities. However, you should NOT choose three different departments from a single university.

Q15

May I change my final choice of a university for an undergraduate degree during the preliminary Korean language course?

A15

No, you may NOT. After the final announcement of 2022 GKS-U Scholars, changing the university or transferring to another university is NOT PERMITTED under any circumstances. Changing department is also not allowed.

Please give yourself enough time to consider your choice before notifying NIIED about your final choice of university. We ask all applicants to obtain sufficient information about your desired university and department before applying.

Q16

Is it mandatory for all GKS scholars to pass at least level 3 on TOPIK after one year of Korean language training?

A16

Yes, it is. Every GKS scholar must get at least level 3 on TOPIK (Test of Proficiency in Korean) within a yearlong Korean language program in order to proceed to his or her degree program.

Please note that NIIED assigns Korean language institution for each GKS scholar with various factors in consideration. Once a scholar is assigned to a Korean language institution, it is not allowed to change the assigned language institution. Usually, Korean language institutions are assigned in a different city/region from the universities of degree program. During the language program, scholars are required to live on-campus and accompanying family members during Korean language program is not allowed.

Q17

What if I do not attain degree within the scholarship period? Can I extend my scholarship period until I graduate?

A17

Even if you do not attain degree within the scholarship period NIIED has designated, once your initial scholarship period is over, your scholarship benefits will come to an end. The extension of scholarship period is strictly forbidden.
