04 Admission Requirements

1) Nationality

- The candidate AND both of his or her parents must be non-Koreans.

※ Applicants who are stateless or hold multiple nationalities, one of which is Korean citizenship, are ineligible to apply as international students.

※ If an applicant or the applicant's parents do NOT hold foreign nationality by birth, then the applicant must submit proof of their renunciation or loss of South Korean (ROK) citizenship in pursuit of another nation's citizenship. (Only for cases where an applicant and his/her parents had all acquired foreign nationality before the applicant's entrance to high school.)

2) Academic Background

Type	Basic Educational Requirements
Freshmen Applicants	Applicants must have graduated or be expected to graduate from high school at a regular educational institute in South Korea or abroad, or they must be deemed to have completed high school-level education (or its legal equivalent).
Transfer Applicants	Applicants must have an academic record of at least two years (four semesters) from a regular undergraduate program and have earned at least half of the credits required to graduate from the university they are currently attending. ※ Transfer students will become second or third year students. This is decided by a committee for the department to which the student has applied. ※ Students who attended a 2 or 3 year college can transfer to UOS only after they've graduated from a regular school curriculum.

※ Any school qualification exams taken in Korea or overseas through curricula such as home-schooling, online courses, GED, adult education, or language school will not be considered for regular school curriculum.

※ Acknowledgement of having the academic qualifications equivalent to high school graduates.

- Article 98 of the Enforcement Decree of the Elementary and Secondary Education Act

("Acknowledgement of Academic Background Equivalent to High School Graduates") Sub-paragraph 9 of Paragraph 1

Education			1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Republic of Korea	12	6-3-3-4	6 years						3 years			3 years			4 years			
Overseas studies	12	5-3-4-4	5 years					3 years			4 years				4 years			
	13	6-4-3-3	6 years						4 years				3 years			3 years		
	11	6-3-2-5	6 years						3 years			2 years		5 years				
	13	2-4-3-4-3	2 years		4 years				3 years			4 years				3 years		
	12	8-4-4	8 years								4 years				4 years			

- Applicants are eligible to apply to the UOS if the applicant has **completed all their elementary and secondary school coursework overseas** in one country.

- Applicants who **have completed 12 years of education or more in two or more** countries are eligible to apply through the UOS's admission process. However, those who have only completed 11 years or less are not eligible to go through the UOS's admission process but must be re-enrolled or transferred to a high school in Korea or overseas.
  (For those who completed 11 years, the applicant's high school coursework will be recognized if the applicant completed the last three years of their secondary education in one country.)

- Insufficiencies in the number of years of primary and secondary school attended can be made up if the applicant studies at a university in their country for long enough to make up for the difference. This extra time will be recognized as part of a full high school curriculum.
  ※ These discrepancies are due to the total number of years of coursework of the corresponding nation's school year system differing from the 12 years offered by South Korea's Ministry of Education.
