Program for International students

Support Program for International Students for effective learning and comfortable life.

Mentors assist international students with academic, cultural and social transition and Tutoring groups will be operated as a "One Mentor- One Mentee" system. Career support consultation and employment support program considering the major and duties of international students.

Beyond the Classroom

Connected learning opportunities capitalize on our partnerships with businesses and industry. Most majors provide students with real-world internship, research and mentoring opportunities with company CEOs, HR managers and other executives. This practice-based focus greatly increase their chances of getting jobs they want after graduation. INU ranked 2nd in graduation job placement in Korea among all national universities.

Best-in-Class Campus Facilities

INU's newly built campus has a wide range of university facilities available to students; including research, library, conference, dining, shops, recreation, learning, housing and cultural spaces. All facilities are a short walk from each other, the surrounding city and the waterfront. INU has affordable on-campus residence halls giving students a place to live and to learn. Residents enjoy picturesque views of the ocean from their apartments.
