For international Students
Advantages of Yeungjin University

Operating the Nation's Best Customized Education Program for International Students

Domestic Employment Support
- Operation of international customized education courses for international students who wish to find employment in Korea.
- Support for practical employment through programs that strengthen job competency and connect with recruiting companies.

Global Zone Activities
- Spreading international culture in English to Korean students (payment for on-campus part-time job expenses).
- Introducing your culture in English to Korean students preparing for overseas employment overseas! (International students with excellent English skills are selected).

Buddy Program
- Form groups with Korean students and run the program.
- Develop your global capabilities through cultural and language exchanges with Korean and international students before graduation!

Work Part-time On-Campus in the Office of International Cooperation as an Office Assistant
- Gain work experience and earn money for tuition and living expenses at the International Exchange Center office.

Regular Academic and Living Consultations with International Student Staff
- Operation of a dedicated team to support international students: Regular academic and living consultations with Korean staff and professors dedicated to international students.
- A management student is assigned to each dormitory building to assist with building repair requests, etc.

Immigration Consultation and Support
- Our staff will accompany you and provide close support for various tasks necessary for living in Korea, such as visa extension, alien registration card application, and bank account opening.

Various Korean Language Improvement Programs

- Various programs such as Korean speech contests and Korean short story contests are operated to improve Korean language skills during semesters and vacations.
- TOPIK, Social Integration Program (KIIP) completion possible.

Located in the heart of Daegu, with affordable tuition and living expenses, and ample scholarships.

- **Tuition**: 2.5 million won to 3.7 million KRW/semester.
- **Dormitory** : 150,000~300,000 KRW/month (including utility bills, single/double room, all-in-one).
- **Scholarships**: Tuition fee reduction of 20% to 100% depending on grade starting from GPA 2.0 or higher tuition discount for those who hold TOPIK scores upon admission in the first semester.
  Work-study scholarships paid when participating in on-campus work activities (approximately 10,000 won/hour).

Yeungjin University Education Programs

Degree Programs
(Associate's Degree/ Bachelor's Degree)

(2–year, 3–year, 4–year course)

Degree Curriculum
This is a university curriculum by major. (Study period: 2 to 4 years, depending on major.)

Korean Language Ability
To take classes in the major, Korean language ability of TOPIK level 2 or higher is required. (※ Hotel, Aviation, and Tourism Korean language major is an exception)

Affordable Tuition
You can participate in the affordable degree program ranging from 2.5 million KRW to 3.7 million KRW per semester (for approximately 6 months before scholarship application)

Degree Award
Upon graduation from this school, an associate's degree or bachelor's degree is awarded.

Korean Language Program
(Non-degree course)

Korean Language Education Center
(6 months to 24 months)

10-week Intensive Course
We offer 200 hours of systematic Korean language education per semester with 4 semesters per year (March, June, September, December).

Systematic Level System
We have a 6–level level system that allows for step–by–step learning from beginner to advanced.

Affordable Tuition
You can receive quality Korean language education at an affordable fee per semester.

Benefits of Degree Program Advancement
When advancing to a degree program at our school, we offer a 30% discount on the first semester of tuition.

2.0 ~ 2.5	Tuition fees reduced by 20%	Tuition fees reduced by 20%	Tuition fees reduced by 20%

Korean Language Program (Non-degree Program)

● Application Fee : Free ● Tuition Fee : 1,100,000 KRW/semester

● Textbook Fee : 100,000 KRW/semester

(paid after admission, not included in tuition)

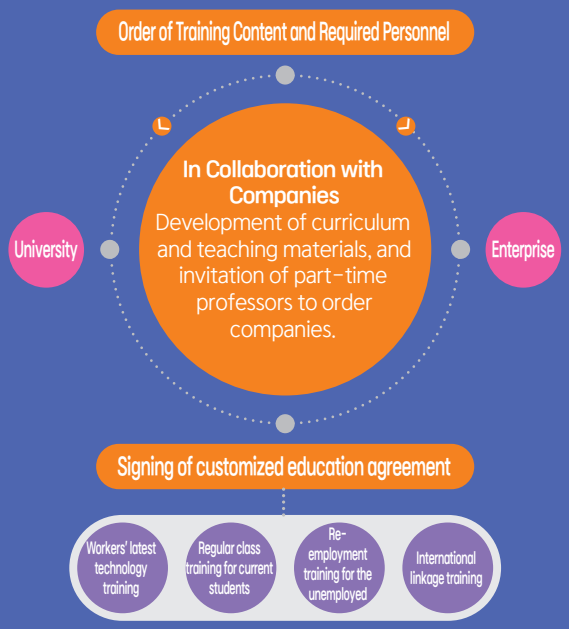

The First Customized Education System in Korea

What is Customised Education?

This is an educational method in which the students receive educational training in advance from companies they will enter after graduation.

Since employment is confirmed immediately after admission, students have a clear sense of purpose for stable employment, which leads to high student satisfaction.

University

Separate major class organization according to the corporate order agreement. Operation of the Customized Education System is the remit of the Intensive Advisory Committee and Industry–Academic Cooperation Committee.

Industry

Support for educational equipment, part–time professor activities, and participation in curriculum and textbook development.

Signed customized education agreements with 847domestic companies and 3,452people

Affiliated company	Agreement Group	Number of contracted persons
Hynix Semi–Conductor	SK Hynix Class	40 people
Doosan Infracore / Doosan Heavy Industries & Construction	Machine tool / Heavy Industry	15 people
Samsung Electronics, etc.	Mold Technology Class	30 people
LG Display	LG Display Panel	50 people
POSTECH (STX Group), Daewoo Shipbuilding & Marine Engineering	Shipbuilding Design Class	40 people
LIG Nex1	Special Electronics Technology Class	15 people
Republic of Korea Army / Navy / Air Force	Flight Maintenance Team and 3 others	235 people
Bestwin, etc.	Semiconductor Process Technology Class	27 people
Studio Macrograph, etc.	Special Video Class	40 people
National Treasure Design Co., Ltd	Indoor Building Machine tool / Heavy Construction Management Team	22 people

Engineering

Computer Information (3 Years)

AI Software
Artificial Intelligence SW, Developer.

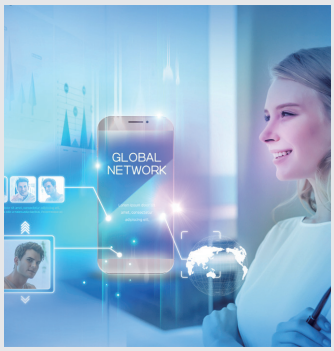

AI Game Metaverse
AI Game Metaverse and Game Developer, Game QA.

AI Global IT
Japan Employment IT System, Developer/Engineer.

AI Computer Security

AI Computer Security
Cyber Security Expert, Cloud System Engineer.

IT online startup
Smart Store, and YouTube expert training.

Global Network
Server, Field Internationalization, manpower training.

Global QA
Global Human Resource Development for Software and System Quality Assurance.

Global Convergence Engineering (3 Years)

AI Software and Convergence Technology Developer
Robot Control System and Smart Factory Developer

Engineering

AI Convergence Mechanical Engineering

Smart Mechanical Design

Global Smart Convergence Design Specialist Engineer

Robot Automation

Intelligent Robot Related Technology Engineer

Smart CAD/CAM

Ultra-precision Mold Design and Processing, Machine Tool Design and Manufacturing Engineer

Energy & Chemical Plant

Energy, Chemical, and Plant Fields Professional Engineer

Semiconductor Electronics

Semiconductor Systems

Expert in Semiconductor Systems and Equipment Operation and Technology for Semiconductor & Powertrain companies.

Semiconductor Convergence Electronics

Experts in Semiconductor Convergence Electronics and ICT fields such as Artificial Intelligence and Robots.

Eco-Friendly Battery Chemical

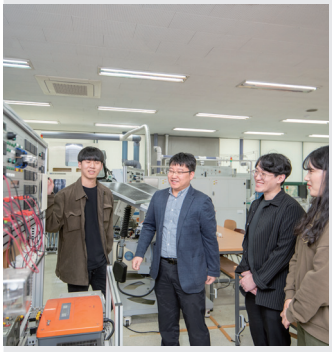

Experts in the fields of IT chemical engineering and electronic materials, including eco-friendly batteries.

Advanced Automotive Electronics

Expert in the fields of Autonomous Vehicles and Intelligent Vehicles.

Renewable Energy Electrical Engineering

Energy Electricity

A convergence of core technologies in the fields of Energy and Electricity.

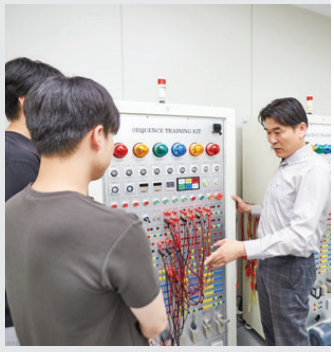

Electric Railway

Personnel related to Electric Railway transmission and substation, electric power, overhead wires, and signal control.

Electric Vehicles

Talents related to production, maintenance, electrical equipment, and charging equipment for electric vehicles and electric vehicles.

Electric Automation Systems

Smart Factory Electrical Automation System Construction talent training.

National Defense Military

Aviation Maintenance Non-commissioned Officer

Established under the Air Force Non-Commissioned Officer Training Corps (RNTC) Establishment Agreement and the Academic Affiliation Agreement to train elite aviation maintenance technical non-commissioned officers.

AI Medical Combat Non-Commissioned Officer

Simultaneous Agreement with Army and Navy Headquarters, the only department in the nation.

Unmanned Aerial Drones

Training of specialists in the Unmanned Aerial Vehicle (UAV) field to lead the drone and upcoming UAM era.

Architecture

Training of professional Architectural Design personnel and Construction Management experts.

Interior Design (3 Years)

Training new Interior Design experts (Interior Design, Construction Management/Woodworking, Exhibition Design 3D Graphics)

Interior Decoration (Night)

Interior practical training course to respond to changes in the DIY market (Interior Design, Construction, Woodworking Technology, Self-interior, Interior Coordination, etc.)

Humanities & Social Sciences

Management Accounting Convergence

Accounting, Finance, & Entrepreneurship

The best computerized accounting and taxation academy in the country.

Sports Management

Parkball Coach and Sports Management experts.

Park Golf Management

Park Golf Expert with Practical Skills and industry understanding.

Hotel, Airline Services & Tourism

Hotel & Airline

Aiming to cultivate professional talents in the Hotel and Aviation industries, focusing on service practice and foreign language skills.

Global Tourism

Fostering tourism experts with an international perspective, we provide education focused on understanding the Global Tourism industry and field work.

Social Welfare

A Social Welfare expert with expertise, skills, good character, and warm humanity.

Early Childhood Education (3 Years)

An Early Childhood Education specialist who fosters children's dreams with a sense of mission, calling, and service spirit through character education.

Natural Sciences

Nursing (4 Years)

Global top-class nursing talent with both intelligence and humanity.

Health & Medical Administration (3 Years)

Expert in the field of Health & Medical Administration services at medical institutions and related organizations.

Paramedics (3 Years)

Professional emergency medical technician with specialized skills in emergency medical services.

Culinary Arts & Baking

Culinary Arts, Confectionary and Bakery Arts

Dreaming of becoming a professional chef, pastry chef, and bakers with an international flair.

Companion Animal

A pet expert who practices love and respect for life by linking pet grooming and training.

Animal Health

Animal health specialist with the expertise, practical skills, and personality required for companion animal medical services.

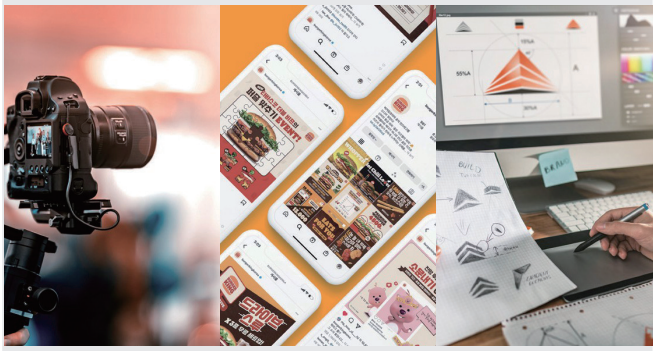

Arts & Sports

Art Media (3 Years)

Nurturing professional talents through free major design convergence education.

Visual Design (3 Years)

Graphic, character, web, editing design, video shooting, video planning and directing, social media content production and operation, online advertising and digital marketing.

Cartoon Animation (3 Years)

Webtoon Content Creation & Game Animation Design

Providing the nation's best webtoon support facilities provides animation creation support facilities for practical writers nurturing leaders in the K-content industry through intensive education.

Broadcast Video Media (3 Years)

Broadcast Video Creation & Video Editing Production

Film director, PD, etc. Professional film person YouTube one-person broadcasting expert Broadcasting, documentary, CF producer Video editing designer.

Beauty Convergence

Hair Creative & Beauty Creative

A total beauty expert who creates radiant beauty and a beauty marketing expert with integrated beauty creator capabilities.

Medical K-Beauty

A systematic beauty curator that can cultivate specialized skills and cultivate field skills to lead the medical Korean wave industry.

Sports and Exercise Rehabilitation

A sports rehabilitation specialist with knowledge of sports medicine and the ability to guide rehabilitation exercises.

International Customized Education Linked to Employment

Overview

Employment-linked program where employment is determined upon admission. Securing global talent and strengthening international competitiveness of local companies through training excellent foreign talent.

Post-graduation Employment

Job type: Employment as a professional technician at excellent companies such as ISF NET Korea Co., Ltd. and Hyundai Heavy Industries Salary: New hires earn more than $24,000 per year, and differential payments are made based on ability.

YUDC (Yeungjin University DEEP Career) System Schematic

Preparation stage (high school students and local youth)	D | Direction	Support for local talent development

1 Step (Course Setting)	Step 2 (Establishing a Career Path)	Step 3 (Job Preparation)	Step 4 (Employment Success)
D | Design	E | Establishment	E | Education	P | Placement
Self-diagnosis and career exploration	Self-development and job setting	Career Development and Strengthening	Strengthening employment competitiveness
Career basics camp	Career in-depth camp	Employment basic camp	Employment intensive camp
Career exploration special lecture	Career design special lecture	Job analysis special lecture	Special lecture on application documents
Self-understanding special lecture	Self-development special lecture	Qualification acquisition special lecture	Special lecture on interview strategies

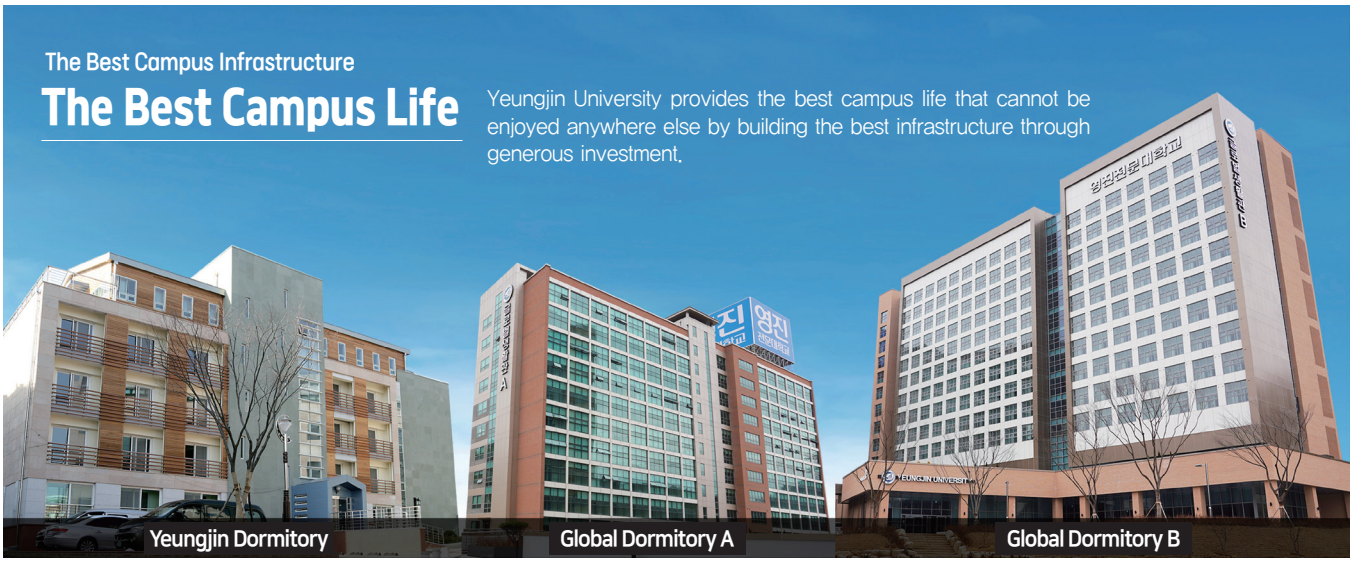

Step 5 (Management of Unemployed)	C | Care	Employment support for unemployed graduates and local youth

Departments Offered

Department	Language of instruction	Qualifications*	No. of Applicants	Employment Field
AI Computer Security	English/Korean	Ielts 5.5/TOPIK Level 2 or higher	25	IT Network
AI Convergence Mechanical Engineering	Korean	TOPIK Level 2 or higher	25	Product Development and Manufacturing
Semiconductor Electronics	English/Korean	Ielts 5.5/TOPIK Level 2 or higher	25	Electronic Equipment Manufacturing
Renewable Energy Engineering	Korean	TOPIK Level 2 or higher	25	Electrical Equipment and Manufacturing
Management Accounting Convergence	English/Korean	Ielts 5.5/TOPIK Level 2 or higher	25	Quality, Production Management
Hotel, Airline Services & Tourism	Korean	TOPIK Level 2 or higher	25	Tourist services, Cooking

※ Qualifications for application: Those who do not have any disqualifications for visa issuance required for admission and employment
