

Korean Language Institute

aSSIST University

The First Mover, aSSIST

From K-Culture to Korean Language

We sincerely welcome you to aSSIST Korean Language Institute (KLI).
Korean is a beautiful language and an important key to a deeper understanding of Korean history and culture.
aSSIST KLI is a special place for you to learn Korean and experience Korean culture.
aSSIST University is Korea' s first graduate school of business, established in 2004. aSSIST Korean Language Institute is an affiliated institution of aSSIST University. Professional and friendly educators will support your learning of the Korean language, and you will be able to experience both academic and cultural aspects through various educational programs and activities. We will do our best to ensure your learning success, as well as provide you with an enjoyable and beneficial experience.
aSSIST KLI operates on the same 1-year, 4-semester system as other Korean language institutes at universities. The semester is composed of 10 weeks, making it the most effective curriculum for students who want to obtain a Korean language level in a short period of time. In addition to the regular curriculum, there are various other courses, including short-term and consignment courses, and the Foundation also provides opportunities to take the Sejong Korean Language Assessment (SKA) through an MOU with the Sejong Korean Language Institute Foundation.
aSSIST KLI welcomes learners with diverse backgrounds and goals. We look forward to your participation as a community where we learn and grow together.
We will provide support to realize your dreams and goals, and will strive to meet the individual needs of each learner.
We look forward to embarking on a rich Korean language learning journey with you. We will move towards a better future together.

Thank you.

1. Professional teachers and education programs

aSSIST Korean Language Institute is comprised of the country's top professional and experienced experts and provides programs specialized in Korean language education. We provide students with level-specific writing classes, mandatory self-study, and 1:1 personal feedback so they can identify and improve their weaknesses. We provide a variety of educational activities for effective language acquisition and cultural experience.

2. Specialized curriculum designed for each student

At aSSIST Korean Language Institute, each semester consists of 10 weeks (4 semesters per year).
So It is possible to reach at least level 3, which is the level required for admission to a Korean university (minimum level requirements vary by university and department) in just 4 semesters (12 months).

3. Comprehensive support system only for aSSIST students

Many students choose aSSIST Korean Language Institute because they can enjoy studying abroad in Korea on online and in person learning with 'Nuribot ' activities. In addition, aSSIST students have priority to take the Sejong Korean Assessment (SKA) with group registration and early allocation of the test.

4. Campus life in the center of Seoul

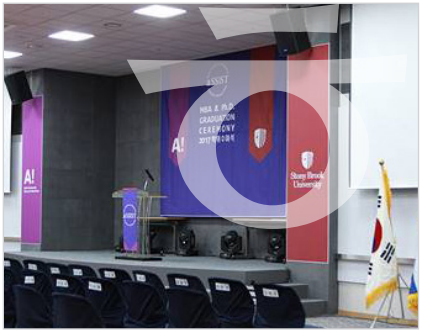

Located in the heart of Sinchon, a hub for Korean universities, our campus provides easy access to renowned universities and major cultural facilities in Seoul. With dense coverage of key bus and subway routes around the campus, transportation is convenient. Additionally, the area boasts rich living and medical infrastructure, ensuring a comfortable and pleasant lifestyle.

aSSIST(Seoul School of Integrated Sciences & Technologies) University

Seoul School of Integrated Sciences & Technologies, abbreviated as aSSIST, was established in 2004 with the aim of training experts in business management. Through Master's degree and doctoral programs in Business Administration, as well as Artificial Intelligence, and executive education for CEOs, we support students in enhancing their global-level management capabilities and further growing as experts. aSSIST is dedicated to specialized education and research activities in future industries such as AI & Big Data, AI & Strategic Management, Digital Finance & Taxation, Blockchain & Security, Digital Arts Management, Venture Capital, Korean Educational Management, and more, creating high value-added specialties. Through such efforts, aSSIST has dual degree agreements with prestigious overseas universities including Aalto University in Finland, State University of New York at Stony Brook in the United States, and Franklin University Switzerland. aSSIST has also been recognized as a small but strong university, being selected as 'Global Top 100' in the worldwide evaluation of business schools by the Aspen Institute in 2009, marking the first in South Korea.
