

KANGWON NATIONAL UNIVERSITY

FOR INTERNATIONAL STUDENTS

ABOUT KNU

History of KNU

Kangwon National University is one of the core national universities in Korea. With a history of 77 years, **KNU** has been educating prospective students who can lead the national and international community in various fields.

Global KNU

KNU is located in Chuncheon, Samcheok and Dogye in Gangwon province, and has 1,107 international students from 58 countries in our undergraduate, graduate, Korean language program. And **KNU** has global network connecting 336 universities, in 60 countries. Also, **KNU** has been making sincere efforts to respond to the rapidly changing global era. To this end, **KNU** has been actively participating in various international development cooperation activities with many countries.

SELECTED FOR THE

*GLOCAL UNIVERSITY 30 PROJECT

*Global + Local = Glocal

(Benefit of 100 ~ 200 billion KRW over 5 years)

The program that focuses on supporting universities that lead collaborative growth between universities and regions based on partnerships with internal and external stakeholders, breaking down the barriers within the university

Our university was selected for the “Glocal University 30 Project” announced by the Ministry of Education and the Glocal University Committee(23.11.13).

Our university, along with Gangneung-Wonju National University (President Bahn Sun-Seob), presented the innovative model of ‘One Province, One National University in Gangwon’ as part of this project.

The ‘One Province, One National University’ will adopt ‘Kangwon National University’ as the integrated name and is scheduled to be launched in 2026.

Vision

**Global University City through One Province,
One National University in Gangwon.**

Key Agenda

- Establishing a shared, collaborative, and integrated model of ‘One Province, One National University’
- Innovating a student-centered higher education system based on a multi- campus model
- Building an education and research hub for regional innovation through local studies (地學) cooperation

| Benefits for Students | | |
|--|--|--|
| Doubling of Scholarships <ul style="list-style-type: none">• Support for living expenses• Expansion of scholarship opportunities | Expansion of Overseas Study Opportunities <ul style="list-style-type: none">• Integration of academic and non-academic activities | Support for Subway - Bus Transfers <ul style="list-style-type: none">• Coordination with local governments |
| Free Provision of E-Textbooks <ul style="list-style-type: none">• Support for online education | Support for Online Interdisciplinary Degree Programs <ul style="list-style-type: none">• Remote education centers | Free Support for Intensive Education <ul style="list-style-type: none">• Individualized support for certifications, etc. |
| Improvement of Student Facilities <ul style="list-style-type: none">• Renovation of Cheonji Gwan, Samcheok Library, construction of 3rd BTL, etc. | Classification of Similar Departments <ul style="list-style-type: none">• Designation of campus names | Increase in allocation of Local University Talent <ul style="list-style-type: none">• For public enterprises relocating to local areas, and agencies under Gangwon Province |

Launching Plan (2026)

Building a regionally tailored campus, considering the significant cultural, social, and industrial disparities in Gangwon Special Autonomous Province.

INDUSTRIAL-ACADEMIC COOPERATION

LEADING PROJECTS FOR INDUSTRIAL-ACADEMIC COOPERATION PROMOTING REGIONAL DEVELOPMENT

LINC+ (Leader in Industry-University Cooperation) Program

LINC+ runs educational programs that are friendly to industry-academic cooperation and carry out industry-academic cooperation activities with local communities and businesses.

LINC is supported with a grant of USD 10 million from the NRF (National Research Foundation of Korea) for three years (2019~2024). Employment program, start-up program, corporate support will be provided. And it created a new major and curriculum in connection with the program for students.

Idea Lab

This is a specialized curriculum designed to solve the problem of Human Resource mismatch and to alleviate employment difficulties of young people by coordinating and reorganizing the college curriculum to foster specialized talents that meet the needs of the industries.

KNU Start-Up CUBE & Maker Space

- Start-Up Cube operates a variety of businesses and programs for the growth and success of its founders and those preparing to start their own businesses.
- Maker Space provides comprehensive support for equipment and manpower to discover and spread creative ideas from university students and industries and to commercialize them.

Campus Innovation Park (Regional Development Platform to Achieve Innovative and Inclusive Growth)

Kangwon National University was selected as the only national university for the Campus Innovation Park Project in 2019. For this project, the central and local government will invest 44.7 billion won on the 66,500 m² site of it's Chuncheon campus by 2022 constructing a 10-story building called "Platform Innovation Center" which includes spaces for high-tech companies in the bio-health care and cultural industries, exhibition halls and industry-academia center. As a two-stage project, the Social Innovation Center (military recruitment support space), the Cultural Innovation Center (film establishment space and movie creation studios, etc.) and the Life Innovation Center (university resident cooperation lab, conventions, etc.) will be established by 2026.
