Korean Language & Culture Program

Korean language

Korean cultural Activities

Touring Seoul

CUFS Global Education Institute offers a short-term Korean language and culture study abroad program that is customized for foreign students by coordinating schedules and content through consultation with the requesting agency. It organically combines Korean language and Korean living culture as class content to improve the participants' understanding of the language and culture through language education and Korean cultural experience activities. Korean instructors and assistants provide various hands-on programs, so what is learned in the classroom can be directly used in the field.

*The medium of instruction is Korean.

** It is not possible for students to obtain a general training visa (D4) on the basis of participating in the program.
