IV. GKS 동문

○ GKS 동문 인터뷰

In Hoseo University's ***** Department, I've learned a variety of studies, from linguistics to education and literature studies. These subjects comprehensively address the spectrum of knowledge an English student desired. What stands out even more is that the educators' academic expertise are matched with their friendliness and approachable personalities, creating a positive learning environment. The campus life also offers plenty of chances for exploration and personal growth through diverse cultural activities and engaging academic events. Hoseo University is more than a place to learn; it's a community where everyone encouraged to thrive.

2023년 졸업생

During my graduate studies at Hoseo University, majoring in ***** , I was fully supported as an international student. Professors consistently helped me gain practical knowledge and real technical skills. Laboratories were fully equipped with the necessary devices and computers which was very comfortable and effective. The International Affairs Team actively assisted me with academic questions, also organized meetups and programs, events for international students to help us adapt faster and feel part of campus life. I can confidently say that my experience at this university was positive and meaningful.
