Korean as a Foreign Language Program

## Start at Ewha to open your world through Korean

Since starting Korean Education as a foreign language from 1988, Ewha Language Center has been a professional educational institution, for about 30 years, continuously developing curriculums, teaching methods, and textbooks. We have been in the lead for developing Korean textbooks, such as 『Ewha Korean Language』, 『College Korean for international students』, and supporting foreign students with delicate student managements so that they can focus on their Korean language education. There are students from all over the countries with diverse age groups, studying Korean language and Korean culture. Start Korean with us at Ewha Language Center!
