## World Class Level Educational Environment

Jeju National University has various globalized programs and academic exchanges with top universities in the world to foster global leaders leading the world's trends. Moreover, it supports students to develop their global minds which enables them to seek out changes and trends in the world.

### • Jeju National University Hospital with 100 Years of History

In 1910, a medical clinic named Jahye was set up and it has been responsible for the public health service in the Jeju province for the past century. In 2001, it reopened its doors as the Jeju National University Hospital and is continuing to carry out the education, research and treatment work as the one and only national university hospital in the province.

### • Law School, Forging Ahead of its Times

The Law School of Jeju National University provides the professional law education to meet the expectation for high quality law service under the foundation vision of our university. It takes the field of "International Law" as an area for specialization and strive to foster professional and practical legal personnel that are equipped to meet the trend of the times.

### • Optimum Space to Rest and Enjoy, the State of the Art Central Digital Library

The Jeju National University Central Digital Library is equipped with reading rooms that can accommodate up to 1,500 people along with about 1,300 thousand books and academic materials. It is definitely the most up to date state of the art library housing multi-cultural facilities such as group study rooms, individual carrels, a media lounge, and a universal lounge.

### • Innovative Classroom Environment, Smart Green Campus

- Establishment of the highest level of wired and wireless unified communication system amongst the universities nationwide
- Selected by the government as a green campus eligible for financial support

## Globally Centered University, where Universal Talents Interact Freely

Jeju National University has academic agreements with 308 universities and 28 institutes over 46 countries. It runs student exchange programs (long term & short-term exchanges, international summer school, short-term Korean language and culture class etc.) and seeks to establish an open and globalized university where students from all over the world can freely share their ideas.

### **Selected as an Accredited University with Superior International Student Attraction & Management (2017-2020)**

- Satisfied the assessment indexes of the dropout ratio, financial soundness, health insurance coverage, accommodation delivery rate and Korean proficiency rate.
- Fostered excellent students by supporting them during their studies in Korea and also enhanced the international student management system.
- Attracted highly qualified overseas students and expanded opportunities for Jeju National University students to study overseas in turn.

## Take your first step towards the world, through Jeju National University
